

Comatose

Julia Nunes

Standard tuning, capo on 5th

Em **A**
I down cups of sludge and stay up forever

D **Bm** **D** **Em**
cause I m too afraid of what happens when I fall asleep

A **D** **Bm** **D**
I can t drift away if you

Em **A** **D**
keep on holding tight

Bm **D** **Em**
Trust me, it s not worth the fight

A **D** **Bm** **D**
Baby, I swear that I

Em **B7**
Don t really know if I m lying to you

Em **B7**
or hiding the truth from myself

Em **B7**
and I m sorry I m not, but you deserve to feel dumb

Em **B7**
if you thought I was somebody else

Em **A**
I know that you checked my pulse

D **Bm** **D** **Em**
to see if I was freakin out, cause you were freakin out

A **D**
but I remain comatose from coast to coast

Bm **D** **Em** **A** **D**
cause everyone I care about is miles away

Bm **D** **Em**
can t figure out the words to say

D **Bm**
I made a mistake

D **Em** **C** **D** **Bm**
It s not my fault if I can t see

Em **C** **D** **Bm**
how you could fall so easily

Em **C** **D** **Bm**
and I am never going to be

Em **C** **D** **Bm**
what you saw inside of me

Em **A**
I m thinking of reasons not to love you

D **Bm** **D**
Ways I can push you away

Em **A**
And it s safe to assume when you step in this room

D **Bm** **D**
You should thank your stars for everyday

Em **B7**
But I don t really know if I m lying to you

Em **B7**
or hiding the truth from myself

Em **B7**
and I m sorry I m not, but you deserve to feel dumb

Em **B7**
if you thought I was somebody else

Em **A** **D** **Bm** **D** **Em**
