V1-Ive gotten used to being introduced, hello, whats ur name, how are you?
They see my smile, my laugh and the hurt behind my eyes
Loss is not so easily disguised

B1-I try my best to keep up with my sunny disposition
G D C C7
But i close my eyes and end up reminising...

C1-So save me from waking up tonight
Please save me from waking up tonight
Coz I toss and i turn and it doesnt feel right
Save me from waking up tonight

V2-Left to my own devises id stay up till 3am
Spend the whole day barely awake and then do it all again
Coz my dreams are filled with pleasantries that make me think your here with me
They wont let my poor heart mend

B2-I hav tried my darndest to continue smiling wide
but i miss you and thats something i cant hide

C2-So save me from waking up tonight
Please save me from waking up tonight
I thought it was fine but it looks as if i might not
Make it through the night
