Verse 1 **D, A, G, A**

well the way you pull the fuzzies from my sweater,
doesn't make up for the times you let me sink into the floor,

Didn't work so please don't tell me anymore,

Chorus **D,A, G** (2 counts)

I'm waking up to see the sun,
It's a light that lets me know a new day's begun,
I can leave behind the tears of my unconscious mind,
(in) To the sunshine.

Verse 2

Tell me this why do you run away,
Just when I decided to say something true for once,
You should try it and see what you mean,
Cause I can't read the lines let alone in between

Repeat Chorus

Bridge

Verse 3

And I know my mellow tone can be misleading,
But I'll just put my anger to good use,
See I've given up on begging and pleading,
Every scratch on this guitar is because of you

Repeat Chorus
