G# C#m Fm Eb (x2)

G# C#m
I never told you, cause there wasn t time.
Fm Eb
We were so young then, excuses that I ve
G# C#m
Been repeating to justify
Fm Eb
The lies I ve been feeding myself to get by.

G# C#m Fm Eb
But I m alone tonight, tonight.
G# C#m Fm Eb
I m alone tonight, tonight.

Tonight I ll wonder til I fall asleep.
If I can t hear you, can you still hear me?
There is an answer to where we all go.
I hope it s together, cause then I would know that

Someone is waiting for me.
(I m alone tonight, tonight).
Someone is waiting for me.
(I m alone tonight, tonight).

I laugh and I lie cause I m hurt on the inside
And that s where I want it To stay.
Luck tipped the scale so I lead fairy tales on,
But nothings worth feeling This way.

No one can hear me for all I know.
(Someone is waiting for me).
(I m alone tonight, tonight).

No one can hear me for all I know.
(Someone is waiting for me).
(I m alone tonight, tonight).

No one can hear me for all I know.
(Someone is waiting for me).
(I m alone tonight, tonight).

No one can hear me for all I know.
(Someone is waiting for me).
(I m alone tonight, tonight).

Someone is waiting for me.

Someone is waiting for me.

One of my favourite Julia songs, her voice makes me shiver in this one.
