Waiting Julia Nunes

A Dm F#m E (x2)

ADmI never told you, cause there wasn t time.F#mEWe were so young then, excuses that I veADmBeen repeating to justifyF#mEThe lies I ve been feeding myself to get by.

ADmF#mEBut I m alone tonight, tonight.ADmF#mEI m alone tonight, tonight.

Tonight I ll wonder til I fall asleep. If I can t hear you, can you still hear me? There is an answer to where we all go. I hope it s together, cause then I would know that

Someone is waiting for me. (I m alone tonight, tonight). Someone is waiting for me. (I m alone tonight, tonight).

I laugh and I lie cause I m hurt on the inside And that s where I want it To stay. Luck tipped the scale so I lead fairy tales on, But nothings worth feeling This way.

No one can hear me for all I know. (Someone is waiting for me). (I m alone tonight, tonight).

No one can hear me for all I know. (Someone is waiting for me). (I m alone tonight, tonight).

No one can hear me for all I know. (Someone is waiting for me). (I m alone tonight, tonight).

No one can hear me for all I know. (Someone is waiting for me). (I m alone tonight, tonight). Someone is waiting for me.

Someone is waiting for me.

One of my favourite Julia songs, her voice makes me shiver in this one.
