C#m **A2**
Here I am now on my face, memories I can't escape

Oh my hope in You, is pulling me through

Just when I think I've finally lost my fight
B **C#m** **A2** or (**E** at 6th fret)
On my way to a better day, on my way to new life

You hold me and wipe the tears I cry

Gotta let it go, let Your light show
