Am          C
I know you feel it  cos I feel it too,
Em          Am
I close my eyes and I m right back with you,
Am          C
Don t have to say it, It s the game we play,
Em          Am
You stitch me up and it s a shame, shame, shame.
```

Vers:

```
Am          C
A kiss won t take us anywhere,
Em          Am
Just leave us something to taste,
Am          C
A dream surrounds us everywhere,
Em          Am
Even though we re both still awake,
```

```
          Dm
Feeling like I don t know you,

```

To be standing in the rain.
