Butterfly
From the "I am" ep
By Juliette Reilly

No Capo

[Verse 1]

G **Em**
They don't even see me Everything I could be
C
Burning right beneath my chest
G
It doesn't mean that I'm weak
Em **C**
I just need to set free The voices in my head
D
They tell me, I'll never be anything, anything
G **Em**
I feel so unsteady, people stepping on me
C
Crushed in colors on the ground
G
Fighting back the tears
Em
from hearing "no" for years
C
Released my fears and get shut down
D
They tell me, I can't make a sound.

[Chorus]

G **Em**
But I will sing with this unused voice
C
I will laugh like I have no choice,
D
I will fly and forget to fall.
G **Em**
I will spread my un-opened wings
C
I will strum every dead heart string
D
I will rise above it all.
C **G**

Cause that s how butterflies get to be strong

C

Cause thatâ€™s how butterflies get to be.
