June Tabor

[Intro]

G D C

[Chorus]

G C G D C

Where are you tonight, I wonder?

G Am C

And where will you be tonight when I cry?

Em D C Em D

Will sleep for you come easy, while I alone can't slumber?

How easy for you the years slipped under

And left me with a shadow the sun can't dispel

I built for you a tower of love and admiration

But I built it so high I could not reach it myself

The view from my window is a world filled with strangers

G Am C

The face in my mirror is the one face I know

You have taken all that's in me, so my heart is in no danger

G D C

My heart is in no danger, but I'd still like to know

[Chorus]

G C G D C

Where are you tonight, I wonder?

G Am C

And where will you be tonight when I cry?

Em D C Em D

Will sleep for you come easy, while I alone can't slumber?

G C G D C

Will you welcome the morning at another man's side?
