

Vera  
JUNG (Sweden)

[Verse 1]

**F** **Am** **G**  
We met the first September more than a year ago  
**F** **Am** **G**  
It s hard for me to remember how it was before  
**F** **Am** **G**  
And now I m your forever, I stand by my word  
**F** **Am** **G**  
And oh you make me so much better, I feel your love  
**F** **Am** **G**  
You call me the only, as I stood by the door  
**F** **Am** **G**  
Oh I was cold and lonely, til you opened up much more  
**F** **Am** **G**  
And I can not wait for you to hold me when we are alone  
**F** **Am** **G**  
And oh we breath and move so slowly, as everyone rushes on

[Chorus]

**C** **G**  
And I don t wanna wake up if I m dreaming, and I  
  
It s to good to be true  
**F** **Am** **G**  
I only wanna wake up next to you  
**F** **Am** **G**  
I only wanna wake up next to you

[Verse 2]

**F**  
Will I ever be sober  
**Am** **G**  
Can t get enough of your love  
**F** **Am** **G**  
And how it all unfolded could thank something above  
**F** **Am** **G**  
Because with you it's always summer, and I ll never freeze  
**F** **Am** **G**  
And oh you came up from nowhere, and gave me the feels

[Chours]

**C** **G**  
And I don t wanna wake up if I m dreaming, and I

To good to be true

**Am** **F**  
And I don t wanna wake up if I m dreaming, and I

**F** **Am** **G**  
I only wanna wake up next to you

**F** **Am** **G**  
I only wanna wake up next to you

**F** **Am** **G**  
If it was only one thing I get to choose

**F**  
You know that I only wanna wake up

**Am** **G** **C** **G**  
I only wanna wake up next to you

**Am** **F** **G**  
I only wanna wake up next to you
