

Nothing Like Us
Jungkook

[Intro] **Am C F G**

Am C
Lately I've been thinking
F
Thinking about what we had
G
And I know it was hard
Am
It was all that we knew, yeah
C
Have you been drinking
F
To take all the pain away?
G Am
I wish that I could give you what you deserve
C F
Cause nothing can ever, ever replace you
G Am
Nothing can make me feel like you do, yeah
C F
You know there's no one, I can relate to
G
I know we won't find a love that's so true
C
There's nothing like us
G Am
There's nothing like you and me
F
Together through the storm
C
There's nothing like us
G Am F
There's nothing you and me, together
Am C
I gave you everything baby
F
Well, everything I had to give
G Am
Girl, why would you push me away?
C F
Lost in confusion, like an illusion
G Am
You know I'm used to making your day

But that is the past now, we didn't last now
I guess that this is meant to be
Tell me, was it worth it? We were so perfect
But baby I just want you to see

There's nothing like us
There's nothing like you and me
Together through the storm
There's nothing like us
There's nothing you and me, together

There's nothing like us
There's nothing like you and me
Together through the storm
There's nothing like us
There's nothing you and me, together
