Hi folks.. i have read many tabs of junoon for this song and none sounded exact and precise. Until one day i saw salman ahmad live on PTV playing this song on a 12 stringer. I noticed that he was playing rather unusual chords.

Since i dun know names of those chords i ll show the legend here

Chord Am 002210 (Simple and cute Am)
Chord X 003230 (Some sort of Chord D)
Chord C 032030 (Some sort of Chord C)
Chord Y 033200 (Dont know this one)
Chord Z 021200 (Some sort of Chord E)

G#m X B G#m
Junoon Sey .. Aur ishq sey

Y Z
Milti hey. Aazadi

G#m X B G#m
Qurbani ki bahn sey

Y Y Z
Milti hey. Aazadi

Play along listen to the song for chord progression and tempo. Learn strumming and rock
