

**Lal Meri Pat**  
**Junoon**

Lal meri pat

Transcribed by Wasim and Shoaib.

These are the chords that Salman plays at the start. Just figure out the rythm and how many times you strike the different chords by listening to the song.

It s actually easy. Basically you hold a D, and move your little finger around.

```
e|---0---2---4---2---0---2-----|
B|---3---3---3---3---3---3-----|
G|---2---2---2---2---2---2-----|
D|---0---0---0---0---0---0-----|
A|-----|
E|-----|
```

After the starting riff, play A major and then E major continously, to figure out the bars listen to the song. before starting the song strum D major, then vocals comes in.

```
      D              A              E
lal meri pat rekhio bala jholay lal lar
Bm      A  Bm      A  D
sindre da saywan da sakhi shahbaz qalander
      A      D      A      D
damadam mast qalander sakhi shahbaz qalader
D
ho lal mairee hooo lal mairee
```

The same chords progression goes for the verses, you ll find little changes among them but i think you can figure them out after having the basic idea.
