

Im A Good Ole American
Junto

Capo second fret

Oh, ima good ole American, now thatâ€™s just what I am
I hate this liberal nation, I do not give a damn
Donâ€™t wanna rise against her, but Iâ€™ll gather up my guns
My freedom wonâ€™t be taken, Iâ€™ll fight em till I ve won

I hate a liberal nation, and everything they do
I hate the social programs, and stimulus bill to
I hate the federal government, strippin away our rights
I hate all socialism, time for states to fight

I was born here in this nation; I lived here all my life
I love our founding fathers, and share their view of rights
Workin man and women rather die poor and free
Cause we know what freedom stands for, more than any states for me

No universal healthcare or fairness doctrine touts
We like free market systems, to hell with these bail outs
For all the politicians, who think revolt wonâ€™t brew
If you take away my freedom, my votes wonâ€™t be for you

No longer will I whisper, this land should be free
I voice my opinions; my kids will sure thank me
I donâ€™t want no pardon, for what I say and am
Obama wonâ€™t remake me, and I do not give a damn
