    Well let me tell you a story

  About a girl and a boy
     He fell in love with his best friend
                    Cadd9
G
When she s around, he feels nothing but joy
     But she was already broken,
   Cadd9
    and it made her blind
                                               Em7 Cadd9
                      Em7
But she could never believe that love would ever treat her right
[Pre-Chorus 1]
         G
    But did you know that I loved you?
Cadd9
  or were you not aware?
            G
 You re the smile on my face
