Girl, you say that you don t wanna talk but it s cool
E **F#m**
I ve been thinking about you all day long, hoping you pick up your phone

And I know that I don t wanna lose your love, oh baby

[Chorus]

Oh girl I got a secret place that we can go
Cause girl I really wanna be alone

Don t tell me your my heartbreaker
Cause girl my heart is breaking
Don t tell me your my heartbreaker
Cause girl my heart is breaking

[Bridge]

So what I m really trying to say is, and what I hope you understand
Is despite of all the imperfections of who I am I still wanna be your man
I know it hasn t been easy for us to talk with everyone being around
But this is personal, this is for me and you
And I want you to know that I still love you
And I know the seasons may change
But sometimes love goes from sunshine to rain
But I m under this umbrella and I m calling your name
And you know I don t wanna lose that

(I still believe in it)

[Verse 3]

I still believe in love
I still believe in us
I hope you believe in us
The way I believe in us

You don t see, cause what you don t see, is when we don t speak

I really don't sleep, I wanna talk to ya

And if I had the world in my hands I'd give it all to ya

F#m

I wanna know if you feeling the way that I'm feelin

I wanna know if you feeling the way that I, the way that I

Bm

You told me to be careful with your heart, your heart

F#m

You told me to be careful with your heart, your heart

Bm

(With your heart)

[Outro] **F#m**
