Honey I love, too

```
Hope
Justin Jones
Intro: C
Cause you ve gotta fight and burn and die
                       F
               C
And you ve gotta live and fear and cry
If you know, the way I do
Honey I love, too
               F C
Cause in the dark you always shine
         F
                    С
And in light you look so fine
Take my arm, got it straight and true
Honey I love, too
I hope you get my message and I hope you never leave
I hope you re always reaching, hope you're ready to receive
All my hope can t fight your will and I m lost at every turn
When will I learn
                C
                     F C
Cause you ve gotta earn for all you make
        C
                F
You gotta give for all you take
You gotta starve, to know the truth
Honey I love, too
         F
I can catch you when you fall
            F
I can be your wailing wall
I can promise to follow through
```
