

Hope

Justin Jones

Intro: Bb

Cause you ve gotta fight and burn and die

And you ve gotta live and fear and cry

If you know, the way I do

Honey I love, too

Cause in the dark you always shine

And in light you look so fine

Take my arm, got it straight and true

Honey I love, too

I hope you get my message and I hope you never leave

I hope you re always reaching, hope youâ€™re ready to receive

All my hope can t fight your will and I m lost at every turn

When will I learn

Cause you ve gotta earn for all you make

You gotta give for all you take

You gotta starve, to know the truth

Honey I love, too

I can catch you when you fall

I can be your wailing wall

I can promise to follow through

Honey I love, too
