**D Bm**  
Midnight in Albuquerque, drunk again on a little Wild Turkey

**G A**  
Damned if her memory didn t show up right on time

**D Bm**  
I ve driven through the rain snow and ice, I ain t hit the same town twice

**G A**  
Just lookin for a place I figured she couldn t find

**G A D D/C# Bm A**  
I thought by now she d left me alone, turned around and headed back home

**Em D/F# A**  
and just let me be, hell, what does she want with me

Chorus:

**Bm G**  
Bartender set em up  
**Bm G**  
Hell as long as shes here might as well stay drunk

**D D/C# G A**  
Start fresh tomorrow somewhere down the road

**Bm G**  
Shut down another bar

**Bm G**  
Try to convince my heart  
**D D/C# G A**  
Somehow, sometime, someplace this is gonna work

**Em D/F# G**  
Oh but what if I run out of honky tonks before I get over her

**D G**

**D** **Bm**  
She walked out and I bought a map, a couple towns and I'd be back  
**G** **A**  
Someplace I could hurt where no one knew my name  
**D** **Bm**  
Yeah I started out in Little Rock, I've lost track of everywhere I've  
stopped  
**G** **A**  
I can't seem to drink enough to outrun the pain  
**G** **A** **D** **D/C#** **Bm** **A**
