So drive me to your galaxy where I could play, yeah (that milky way)

And sugar I ll take my time

And show you the backseat view, view, if it s cool, cool

[Pre-Chorus]

[Chorus]

(Now break it down)

Hey...

This is the part

Where you and me and all of the stars collide tonight

This is the part

We take off

And then we fly far away, far away, far away

[Chorus]

[Outro]

Baby, can t you see all the stars?

They shine, they shine

Just for you

I said oh, yeah, yeah

Just hop into my spaceship coupe

I saved a seat for you

Right here next to me

I m going to take you to the moon  
And I m going to make you say

Ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh

I love it when I hear you say  
Ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh

And you love it when I make you say  
Ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh

Baby this is the part  
Where you and me and all of the stars collide tonight  
This is the part  
Where we take off  
And then we fly far away, far away, far away
