Rogers Park - Justin Townes Earle
Standard Tuning

D

This towns dead tonight

D

I got no place to be

G

Moon is hung just right

G D

Shine like diamonds on these streets

Moulin wine and lonesome

Its cuttin clean through my heart

In my window smokin

While the midnights setting in on rogers park

I come here with hopes and

Guess I came here with dreams

Now Iâ€™m all alone

I canâ€™t even get to sleep

So take my heart and break it in

Send me back to the pines

Tired of lying awake at night

Feels like im runnin outta time

CHORUS:

Bm A D

See my dreams before my eyes

G

Shadows on the wall

Bm A D

I Ainâ€™t got no place i can fall

Bm A D

Snowinâ€™ in off the lake

G

Punchin holes in the dark

Bm A

Through the lonely streets

D

Of rogers park

So shadow boys I bring it in my

Hear Iâ€™m down in the streets

Corner goes our way

For someone to take them all for keeps

There ainâ€™t no hope in leavin them
There ainâ€™t no prayer for the poor
And all thats lost in stealin
She canâ€™t hold me anymore

See my dream before my eyes
Shadows on the wall
I ainâ€™t got no place I can fall
Snowin in off the lake
Punchin holes in the dark
Through the lonely streets
Of rogers park

D Bm A
Oh through the lonely streets
D
Of rogers park
