

**Em G D**

**Em G D**  
Something steady, something good

**Em G D**  
It s probably closer than I thought it could be

**C**  
All this off the grid is getting old

**D**  
And my compass says I m getting close

**Em D**  
But I don t know, it s hard to read

**C**  
So I ll just keep moving

**D**  
Hoping someone out there s gonna

**C**  
Put me back put me back

**D**  
On the map  
I d read all about it

**C**  
I d to anything anything

**D**  
That you asked

Cause honestly I ve been

**C**  
Out of touch and  
Out of reach

**D**  
Just looking for someone anything

**C**  
That s finally gonna put me back

**D**  
Put me back on the map

**C**  
S.O.S is out of hand

**D**  
Just holding out for a love again

**C**  
I m sending signals, find me fast

**D**  
I know I know  
- no chord -  
There s gotta be somebody who can

**C**  
Put me back put me back

**D**

On the map

I d read all about it

**C**

I d to anything anything

**D**

That you asked

Cause honestly I ve been

**C**

Out of touch and

Out of reach

**D**

Just looking for someone anything

**C**

That s finally gonna put me back

**D**

Put me back on the map
