

Everybodys Got A Story

Kacey Musgraves

CAPO 2

G

She had a couple different daddies
Could never make her mama happy

Em

And her skinny little sister
Got all the attention

C

So she slept with half the town
And when the gossip got around

Em

That she was fast

D

She blamed her past

C

We all got our issues
A lot of life we gotta live through

Bm

Em

A dozen different reasons to fall apart

C

So don't start with all that poor me

D

Cause everybody's got a story

G

That'll break your heart

G

You blame the drinking on your childhood
You blame the school 'cause you don't talk good

Em

Blame the drive-thru for the weight gain
Your hot temper on your last name

C

You blame your ex for your divorce

Em

And the judge for the child support that you gotta pay

D

And you'd blame God if you prayed

C

We all got our issues
All the shit we gotta get through

Bm

Em

A dozen different reasons to fall apart

C

Don't you start with all that poor me

D

Cause everybody's got a story

G

That'll break your heart

Em

I could stand and talk for days

Bm

Bout what the world has put me through

C

But when you point a finger

D

There's three more pointing back at you

C

We've all got our issues

All the shit we gotta get through

G

Em

A dozen different reasons I could fall apart

C

So I don't wanna hear that poor me

D

Cause everybody's got a story

C

And we've got all got a cross to bear

Bm

Em

And nobody's life is fair

C

So don't start with all that poor me

D

Cause everybody's got a story

G

That'll break your heart

C

D

Yeah everybody's got a story

G

That'll break your heart
