D
Sometimes good intentions
Don t come across so well
G G/C/G D
Got me analysing everything that ain t worth thinking bout

Just Cause I ain t lived through
The same hand that was dealt to you
G G/C/G D
Doesn t make me any less or make any more of you

C
I wouldn t trade my best day
G
So you could validate
D
All your fears
C
And if I only got one shot
G
Won t waste it on a shadow box
D
I ll stand right here

A
Cause it s all talk talk talk
G D
Talking in the wind
A G D
It only slows you down when you start listening
Bm A G
And it s a whole lot harder to shine
D
Than undermine
Yeah, undermine

D
The first mile is always harder
When you re leaving what you know
G G/C/G D
Won t blame you if you stay here waving to me as I go

I always wish the best for you
I hoped that you would see me through

G

My wildest dreams

G/C/G D

Yeah, the ones you thought I'd never meet

C

Still, you would trade your best day

G

Just to have your way

D

All these years

C

But if you only had one shot

G

Maybe all this talk

D

Would disappear

A

Cause it's all talk talk talk
