D  
You ll be seeing me in your dreams  
Am  
But I ll be there when your reality drowns

[Verse 1]  
Am  
There s a bright side  
To every wrong thing  
F  
If you re looking at me through the right eyes  
Darkness in my name  
D  
Don t you wanna come and play on the cool side?  
Don t be so shy  
Am  
And there s a pleasure in hiding from the sun  
F  
No, I was never one for pretty weather  
D  
I d rather be creep, baby follow me into the water  
I ll take you to the darker

[Chorus]
