Bris " Kaizers Orchestra

Tabbed by: Robert Ippolito

This is a relatively simple yet accurate suggestion for the chords to the amazing song Bris by the even more amazing band Kaizers Orchestra.

Note: In some places it might not be absolutely perfect, but it certainly works.

There you have it! It s basically the same chord progression throughout the entire song. There s already a great tab for this song on UG, but I thought a chord version might be appreciated.

Enjoy!
