G **D**
Imagine myself in an automobile

C **C/B** **C/A** **C/F#** **G**
a hundred miles an hour, only me at the wheel.

G **D**
I want it to shine, to be only mine

C **C/B** **C/A** **C/F#** **G**
the engine has to be only one of a kind.

Em **C** **G**
How many dollars do I need sir?

Em **C** **G**
You know I sure don't have a lot

Em **C** **G**
There must be something we can work out

Am7 **D**
Well, I'll take it anyway

G **D**
I guess I could make room for one, a bottle of rum

C **C/B** **C/A** **C/F#** **G**
You and me together riding into the sun

G **D**
Live without care, with the wind in my hair

C **C/B** **C/A** **C/F#** **G**
Driving through the desert, yeah I'll go anywhere

C **G** **B** **Em**
Take me where the wheels take me, far away

C **G** **B** **Em**
Wheels take me, I can't stay

C **G** **B** **Am7** **D**
Wheels take, anyplace today

G **D**
Imagine myself in an automobile

C **C/B** **C/A** **C/F#** **G**
a hundred miles an hour if you know how I feel.

G **D**
Alone with my mind, leave my worries behind

C **C/B** **C/A** **C/F#** **G**
I might even reach the border, it s just a matter of time
