Fortune can wear a disguise. Pride is the grand illusion.
And when it's your name up in lights fate proves this one conclusion
Sometimes the answers you fear are there on the face in the mirror
Something the world needs to hear the truth only leaves you cold

Power, it takes power. Power, it takes power.
To back up the things you say
Power, it takes power. Power, it takes power.
To cut through the chains breakaway

Power, it takes power. Power, it takes power.
To fight back and not be afraid
Power, it takes power. Power, it takes power.
To cut through the chains breakaway
