Darkened your door and your days, you said

You couldn't sleep the night

F G Dm
Climbing the stairs to your bed

The smile of the dolphin for a ring in my hands

You let me down for once and for all
G/A C
You left me out in the open

Am G/A Am
Way out of reach and out of my depth

I wear your love like a skin
That hurts when anyone touches me
Where you let me down for once and for all
Out of the reach of our sea

[Chorus]

You promised me gloves from the skins of the fishes
The smile of the dolphin for a ring in my hands
You left me with nothing but a mouth full of air
And a promise as wide as the ocean
