Day go by

G

Daybreak can t wait for the night to fall

Can t sleep I m wasted, wasted

D

Can t sleep, make it to the dawn

By the way

I really need my fix cause you got me so sick

G

I know

That I m burning for you

That I m burning for you

Em

That I m burning for you

Don t call the doctor, doctor

G

God save the doctor, something s wrong

Gonna call the doctor, doctor

D

Gonna tell him that my pain is gone

Time away

G

Tearing me apart, I wear it on my heart, I do

Can t sleep, I m wasted, wasted

D

Can t stand still, I m shaking over you

Time away

I really need my fix cause you got me so sick

G

I know

That I m burning for you

That I m burning for you

Em

That I m burning for you

Don t call the doctor, doctor

G

God save the doctor, something s wrong

Gonna call the doctor, doctor

D

Gonna tell him that my pain is gone

It s gone, gone, gone, gone

G

Gone, gone, go-o-o-one
