

Remember

Kari Kimmel

I couldn't find a tab for this beautiful song anywhere, so I decided to make one myself. Played it by ear on my piano, but I think it sounds good on guitar too. Enjoy. :)

Intro: **C C/B Am F**

C C/B
Come closer, breathe deeper,
Am F
just take it in.
C C/B Am F
Make love to me gently over and over again.

Dm F
If it's all I can take,
Am G
I'll remember it all, remember it all.
Dm F
If it's all I can take,
Am G
I'll remember it all, remember it all.

C C/B Am F
One moment imprinted inside my mind.
C C/B Am
Could there be more to this love
F
Or will it be left behind?

Repeat chorus 3x
