

Remember

Kari Kimmel

I couldn't find a tab for this beautiful song anywhere, so I decided to make one myself. Played it by ear on my piano, but I think it sounds good on guitar too. Enjoy. :)

Intro: **C C/B Am F**

C **C/B**
Come closer, breathe deeper,
Am **F**
just take it in.
C **C/B** **Am** **F**
Make love to me gently over and over again.

Dm **F**
If it's all I can take,
Am **G**
I'll remember it all, remember it all.
Dm **F**
If it's all I can take,
Am **G**
I'll remember it all, remember it all.

C **C/B** **Am** **F**
One moment imprinted inside my mind.
C **C/B** **Am**
Could there be more to this love
 F
Or will it be left behind?

Repeat chorus 3x
