

Explodes

Kasabian

Em

I barely made it alive

Bm

I came incredibly close

Em

Jumped in a swimming pool

Bm

It's there I saw my ghost

Em

He said "listen up

Bm

Boy, now here's the squeeze

Em

You'd rather die on your feet

Bm

Than live a life on your knees"

Em

On and on it goes

Bm

Until my head explodes

Em

On and on it goes

Bm

Until my head explodes

Em

I think alone at night

Bm

I find it hard to sleep

Em

Reliving memories

Bm

I'm sick of counting sheep

Em

I have my bag and baggage

Bm

To keep me warm

Em

I zip my coat up tight

Bm

As I walk into the storm

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head explodes

Em

I ain't scared of the dark

Em

It's where I see her the most

Em

Questioning my thoughts

Em

Like a talk show host

Em

So where'd I go from here?

Em

Now entertainment's wrong

Em

Can't let the viewers decide

Em

I know, I'm done

I'm done

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head explodes

Em

On and on it goes

Em

Until my head implodes
