

Shoot The Runner
Kasabian

standard tuning.. wiht a load of deep bassyness

or could be played in drop D to get a deeper sound

imo best song from new album :)

out 28th August, unless u downloaded it already :\$

anyways..[cough]

intro

-----		-----	
-----		-----	
-----	or	-----	this works best if playing in drop D
-----		-----	
-12-12-12-12--		-----	
-----		-5-5-5-5-	

main riff

-10-12-12-12-10-12-12-12-5-7-7-7-5-7-7-7-3-2-

if ur playing in drop D just octave it up a string aka open for 10 etc etc
then in the airy ahhhhh bit these chords come in

-14-14-14-14-14-14-14-14-9-9-9-9-9-9-9-
-14-14-14-14-14-14-14-14-9-9-9-9-9-9-9-
-12-12-12-12-12-12-12-12-7-7-7-7-7-7-7-

thats for both drop D and standard

then this cool riff comes in
standard:

-----10----12-10-----
-10-12---12-----10-12--

drop D

```
|-----|
|-----|
|-----|
|-----|
|-----3---5-3-----|
|-3-5---5-----3-5-|
```

then theres loads of little guitar fills which
 are mainly just these notes bent and improvised in the
 scales of Em pent [12th fret] and Bm pent [19th fret]

```
|-----|
|-----|
|-14-14-14-14-14-14-14-14-21-21-21-21-21-21-21-21-|
|-----|
|-----|
|-----|
```

well thats pretty much it, a lot is improvised but its all good :)

Ethan
