12. SMALL POEM OF OLD FRIEND 06.04

**C**  
man have I been far away?  
**Am**  
in short of words  
**G**  
afraid of nothing  
**F**  
with nothing all around  
**E**  
how could you know?  
**F**  
how could I let you know  
**G**  
when there was all but nothing in me

**F**  
yes I blew it all away  
**Am**  
into public air  
**G**  
it was right in front of me  
**F**  
it was almost there  
**E**  
how could they know?  
**F**  
I can understand how little  
they could understand of what went...

**Am**            **Am/h**        **C**        **D**        **C** **D** **C** **D**  
down and down and down it goes  
**Am**            **Am/h**        **C**        **D**  
when stepping off the open road

**C**    **Am**    **G**    **Am**  
**G**    **F**    **Em** **F**    **G**

**C**

but you've been spreading dirt my friend

**Am**

words that were untrue

**G**

crowned yourself among the men

**F**

that gave so much to you

**E**

I think you should know

**F**

there is only so much time

before your sad song comes around, and...

**Am** Am/h **C** **D** **C** **D** **C** **D**

down and down and down it goes

**Am** Am/h **C** **D** **C** **D** **C** **D**

when stumbling on the lies you told

**Am** Am/h **C** **D** **C** **D** **C** **D**

down and down and down you go

**Am** Am/h **C** **D** **C** **D** **C** **D**

ask me who I wouldn't know

**C** **Am** **G** **Am**

sail on

**G** **F** **Em** **F**

sad one

**G** **Am** **C** **Am**

sail on

**G** **F** **Em**

sad one

**C**

precious, precious

you've lost your halo

senseless, aimless

**Am**

you chose your own road

**G**

and you'll walk on endlessly

**F**

thinking that you're clean

**E**

but I hope you know...

**Am** Am/h **C** **D** **C** **D** **C** **D**

down and down and down it goes

**Am**            **Am/h**        **C**            **D**            **C D C D**

when stumbling on the lies you told

**Am**            **Am/h**        **C**            **D**            **C D C D**

down and down and down you go

**Am**            **Am/h**        **C**            **D**            **C D C D**

ask me who I wouldn't know

**C**        **Am**    **G**    **Am**

sail on

**G**    **F**    **Em**    **F**

sad one

**G**        **Am**    **C**    **Am**

sail on

**G**    **F**    **Em**    **G**

sad one
