

Melody

Kate Earl

CAPO 1

D

No matter what has ever come to me

A

I got my own brand of company

Em

I got da da da inside my head

A

And I play songs back to back until I got to bed

D

A

Wake up by myself inside an empty room

Em

There's no body next to mine to ooh-ooh-ooh

A

But my skin is warm and my heart is full

D

It's the do do do do do do

A

Walking waking on a crowded street

With my headphones loud

Em

So my hips can swing, so my head can nod

A

To the rock and roll to the boom boom beat

G

Em

And I find that I'm never alone

D

And I find that my heart is my home

A

And the music within makes me whole

G

A world that I built on my own

Em

And I know that I'm never alone

D

And I know that my heart is my home

A

Every missing piece of me

Em

I can find in a melody, I can find in a melody

D

No matter what has ever come to me

A

I got my own kind of company

Em

I got ba ba ba inside my head

A

And I sing songs back to back until I go to bed

D

A

There's a river in my mind that's never still

Em

Swirling, soothing all the time gives me a thrill

A

Swimming in the notes that go

Oh oh- oh oh- oh oh- oh oh

D

A

Wandering, waking in an empty wood

Em

It is quiet here, I am powerful

A

I look down below, serenade the world

From inside my soul

G

Em

And I find that I'm never alone

D

And I find that my heart is my home

A

And the music within makes me whole

G

A world that I built on my own

Em

And I know that I'm never alone

D

And I know that my heart is my home

A

Every missing piece of me

Em

I can find in a melody, I can find in a melody
