

We Missed You
Kate McGill

Capo 3

(notes about how Kate plays it at the bottom!)

C **G**
you didn't see it coming
F **C**
you were looking for acceptance
Am **G** **F**
someone, anyone to love you
C **G**
you stumbled across a sure thing
F **C**
you had waited for a long long time
Am **G** **F**
these ones, yeah they did love you
F
you

Am **G** **F**
so by chance the silence grabbed you by throat
Am **G** **F**
the lies and deceit they kept you there afloat
Am **G** **F**
convinced you that you, you need to be remote
Am **G** **F**
all the while to them your life you did devote

F **G**
so your friends and family were taken away
C **Am**
but the only thing you did was stay
F **G**
there's no room to love, no room to play
C **Am**
and your opinions, they never swayed
F **G**
you were constantly in a shade of grey
C **Am**
and god forbid you'd ever stray
F **C** **Am** **G**
oh stay with me, if only just in my heart
F **C** **Am** **G**
oh stay with me, if only just in my heart

C **G**
you didn't know you were missing

F **C**
we were looking for your presence
Am **G** **F**
did you know that we missed you?
C **G**
a beautiful girl with a good heart
F **C**
oh i prayed and i prayed each and every day
Am **G** **F**
we d not be apart

Am **G** **F**
so by chance the silence grabbed you by throat
Am **G** **F**
the lies and deceit they kept you there afloat
Am **G** **F**
convinced you that you, you need to be remote
Am **G** **F**
all the while to them your life you did devote

F **G**
so your friends and family were taken away
C **Am**

F **G**
there s no room to love, no room to play
C **Am**
and your opinions, they never swayed
F **G**
you were constantly in a shade of grey
C **Am**
and god forbid you d ever stray
F **C** **Am** **G**
oh stay with me, if only just in my heart
F **C** **Am** **G**
oh stay with me, if only just in my heart

F **C** **G**
looking back is easier now with you by my side
F **C** **G**
but these last 3 years have been such hell, i can t count the times i ve cried
F **C** **G**
looking back is easier now with you by my side
F **C** **G**
but these last 3 years have been such hell, i really thought you d died

F **G**
so your friends and family were taken away
C **Am**
but the only thing you did was stay
F **G**
there s no room to love, no room to play

Kate plays the entire song only playing two strings:

- when playing C, pick the A and the B strings
- when playing G, pick the E and the B strings
- when playing F, pick the E and the B strings
- when playing Am, pick the A and the B strings

when she plays the G chords in the verse, she puts this little riff in:

```

e-----|
B-----|
G-----|
D---0---2---0-|
A-----|
E-3---3-----|

```

hope that was helpful!
