

Early Christmas Present

Tuning:Standard ()

G

How could you let her touch you in a place

you didn t want touched?

G

How could you let get so close to you

that she could kiss your neck?

G

And kiss it gently, and kiss it gently

and kiss it gently?

G

How could you take a number from her

when you met her in that bar?

G

How could you offer her a drink

and then the front seat of your car?

G

And kiss her gently, and kiss her gently

and kiss her hard?

Em

G

How could you lie to me right to my face

Em

C

How could your best friend s, ex-girlfriend s

G

younger sister s mate

Em

C

Know before I did? Before I did

G

before I did

G

How could you string me along for so long

for just over 11 months?

G

How could I be so stupid and so blind?

You know I think I had a hunch

G

About this anyway, about this whole thing,

about this girl

G

I thought that it was just a phase

you were so distant and so cold

G

I thought that it was just your age

and the fear of getting old

G

You acted different, you were so different,

you were impatient

Em

G

And you lied to me right to my face

Em

C

And your best friend s, ex-girlfriend s

G

younger sister s mate

Em

C

Knew before I did? Before I did

G

before I did

Em

C

Cause if you run into the eye of the storm

G

cause screamin

Em

C

I can t take it, I can t take it

G

I can t take it anymore

D

Till your eyes and your mouth is sore

Em

C

Doesn t help anyone, doesn t do good

G

But you d do something else

D

if you only could

Em

And I wish I could grow up

C

wish I could be well-behaved

G

But everytime I look you in the eye

D

I send you to the grave

Em

And that pretty, pretty girl

C

with her nice sweet lips

G

With your eyes on her chest

D

and your hands on her hips

Em

C

This itch, this burn, this pain

G

this draining feeling

D

Turns out needs a cream

Em

C

To help it go away so that s what

G

D

leaving me the gift you gave

Em

C

Does it help? I can t take it, I can t take it

G

I can t take it anymore

D

I can t take it, I can t take it

Em

I can t take it anymore

C

I can t take it, I can t take it

G

I can t take it anymore

D

I can t take it, I can t take it

Em

I can t take it anymore

C

I can t take it, I can t take it

G

I can t take it anymore

D

I can t take it, I can t take it

Em

I can t take it anymore

C

I can t take it, I can t take it

G

I can t take it anymore

D

I can t take it, I can t take it

G (till end)

I can t take it anymore
