Kate Nash

Capo 2nd fret

Through the whole song: Gmaj, Emin, Dmaj, Cmaj (change chords according to song)

G **Em**

You've come so far, well done darling

D **C**

We knew that you had it in you

You can do anything that you want, world is an oyster, don't disappoint us

You can stand on your own two feet, you can lead me through the streets

Pave the way, so we can dream dreams, no one else can see what you made me see

Still climbing trees, tripping up over fallen leaves, but holding hands

No one else could ever understand what it's like between us

And that's between us, but I know that

You'll never listen to me, no you'll never listen to me

No you'll never listen to me, no you'll never listen to me

You'll never listen to me, no you'll never listen to me

No you'll never listen to me, no you'll never listen to me

I don't know everything about you, would you like to spend time with me

Said you'd lend me anything, I think I'll have your company

Said you'd lend me anything, I think I'll have your company

You'll never listen to me, no you'll never listen to me

No you'll never listen to me, no you'll never listen to me

You'll never listen to me, no you'll never listen to me

No you'll never listen to me, no you'll never listen to me

You said you'd lend me anything, I think I'll have your company

You said you'd lend me anything, I think I'll have your company

I think I'll have your company!

You'll never listen to me, no you'll never listen to me

No you'll never listen to me, no you'll never listen to me

You'll never listen to me, no you'll never listen to me
