

Part Heart

Kate Nash

G **A** **C**
When we first fell

G **A** **C**
We used to lie in my bed

G
But now

A **C**
Where my brain s supposed to be

G **A** **C**
there s just some clouds instead

G **A** **C**
And part of me s living and part of me s dead

G **A** **C**
And the part of my heart we used to lie in you fled

G **A** **C**
And it doesn t matter

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how many colours I paint my nails

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how many times I change my clothes

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how much I stay indoors leave the house

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how much I have to drink

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how loud I play my music

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter what my good friends tell me

G **A** **C**
I still feel the same

G **A** **C**
And it doesn t matter how much I hurt myself

G **A** **C**
I still feel the same

G
