**Kate Nash**

pretty simple.

**G D Em C**

throughout the song (Y)

Picked you out my pocket  
and you fell into the road  
you asked me if we d make it better  
asked me if we could grow old together  
but you dont mean a thing to me  
so i ll walk by, quite happily  
but now i guess that you, you ve done aswell...

thats it, G D Em C over and over
