Dm **G**
The voice of my beloved
Dm **G**
Sings me from my sleep
Dm **G**
He sings my soul from hiding
Dm **G**
And its silent snowy keep

F
An earthly song
G
That sets my heart
F
Aflame
Dm **Am** **G**
The voice of love that sings me home again

Dm **G**
In a forest full of secrets
Dm **G**
And immortal melodies
Dm **G**
His song is wind carressing
Dm **G**
The shining silver trees

F **G** **F**
The mystery of ragged birds in flight
Dm **Am** **G**
That know the dark but are closer to the light

C **G**
Come my love fly to the sun
C **G**
Our earthly work is done
C **G**
Come my love slip into space
C **G**
Rest in love s embrace
C **G**
Rest in love s embrace

Dm **G**
He sings the rivers flowing
Dm **G**
They wash away my tears
Dm **G**
He sings the mountains rising
Dm **G**
From the dust of a thousand years

F **G** **F**
He haunts me in the shimmering of the rain
Dm **Am** **G**
The voice of love that sings me home again

C **G**
Come my love fly to the sun
C **G**
Our earthly work is done
C **G**
Come my love slip into space
C **G**
Rest in love s embrace
C **G**
Rest in love s embrace

[Fade out]
