

**Devil In Me**  
**Kate Voegele**

**Am - F - C - G**

Far in the distance  
This is the view from the other side  
How did I let this pass me by?

Took me for granted  
Planted thorns in this garden of mine  
What are the chances?  
My hope has died

Please have mercy  
You ve unnerved me  
I don t deserve this pain

So don t break my heart,  
I ain t never done nothing to deserve this  
I m torn apart  
You ve had your fun, do you suppose I earned it?  
Do you not see how I m begging on my knees?  
Don t speak, don t breathe,  
(Skip to G chord instead of C Chord)  
You bring out the devil in me

Thinking it over  
Those were days dark as ebony nights  
The end of October felt like a lifetime

I had a suspicion  
But didn t want to believe you a liar  
You had a mission to prove me right

You took my trust  
Ground it to dust  
Found out I knew better

[Chorus]

And I don t wanna feel the pain  
And I don t want another day  
Shackled to your ball and chain  
You re entirely to blame  
And I m so tired of explaining  
The sensation of no Novocain

[Chorus]

I don't have a prayer if  
There is no charity in your heart  
Couldn't you spare me?  
I've done my part

[Chorus]
