Kate Voegele

Intro: C F C F C Am7 G

C F C
This road is anything but simple
F C Am7 G
Twisted like a riddle I ve seen high and I ve seen low
C F C
So loud, the voices of all my doubts
F C Am7 G
Telling me to give up, to pack up and leave town
F G
Even so, I had to believe
F G
Impossible means nothing to me, yeah

F G C
So can you lift me up,
F G
Turn the ashes into flames
F G C
Cause I have overcome
F G
More than words will ever say
F G Am
And I ve been given hope
F G
That there s a light on up the hall
Am7
And that a day will come
F
When the fight is won
F G C
And I think that day has just begun

(C C/E C/F C/G C)

C F
Somewhere, everybody starts there
F C
I m counting on a small prayer,
Am7 G
Lost in a nightmare
C F C
But I m here, and suddenly it s so clear
F C
The struggle through the long years
Am7 G

It taught me to outrun my fears
F **G**
 Everything worth having, oh
F **G**
 Comes with trials worth withstanding
