Em
 Been here before, revolving door
Em   Dsus
 We re caught up and I don t know what for
    C*
 Anymore

Em
 We had the best and nothing less
Em   Dsus2
 But the second we fell out of step
         C
 You up and left

Am   Em
This is so you, this is what you do
     C   Dsus2
You d rather make do than make a move
Am
What ll it take now
Em   C   F
How do I make this matter enough to you?

G   Em
 Say you re a mess, say it s a shame
C   D
 Why can t you at least pretend?
Em   C
 Say I should leave, you re over me
G   D
 Say something, say anything
Am   G   C   D   Em (Em)
 Anything, say anything, please

```
Em
 What happened to the plans we made?
Em                                    Dsus2
 And that contagious smile upon your face?
                  C*
 It s all begun to fade

Em
 You used to be so careful with me
Em                             Dsus2
 Making sure that we would always be
                        C*
 Each other s missing piece

Am                           Em
 We could still save these tattered pages
C                     Dsus2
 What do you say we start over, baby?
Am                           Em
 This is our chance, and you re all I have
 C                             F
 Don t let me slip through your hands

G                   Em
 Say you re a mess, say it s a shame
C                 D
 Why can t you at least pretend?
Em                  C
 Say I should leave, you re over me
G               D
 Say something, say anything
Am    G        C    D
 Anything, say anything, please

C
 You know I miss you
Em                      Am
 You know I wish you missed me too
                  D
Baby, tell me you do
