Carolina Pines

G G G C C

Just an old house with the roof falling in

G G D D

Standing at the edge of a field

G G7 C Cm

Watching the crops grow as it s always done before

G C Em D

Nobody lives here anymore

C D G Em

The sun s going down in the Carolina pines

C D G Em

I m a long way from home and I miss that love of mine

C D G Em C D G G

Broken windows, empty doors. nobody lives here anymore

Old memories come whistling like the wind

G G D D

Through the walls and cracked window panes

G G7 C Cm

And the grass is growing high around the kitchen doorl

G C Em D

Nobody lives here anymore

C D G Em

The sun s going down in the Carolina pines

C D G Em

I m a long way from home and I miss that love of mine

C D G Em C D G G

Broken windows, empty doors. nobody lives here anymore

Once there were children and a few hired hands

G G D D

A hard-working woman and a bone-tired man

G G7 C Cm

Now that old sun steals across a dusty floor

G C Em

Nobody lives here anymore

C D G Em

The sun s going down in the Carolina pines

C D G Em

I m a long way from home and I miss that love of mine
