

Buffalo

Kathleen Edwards

CAPO2

Am **C**
The summer months left me alone
Am **C** **G**
But the fall rolled in on the back of a storm
Am **C**
In the night you and I drove
Am **C** **G**
Have you ever seen lightning and snow?

Am **C**
All these weeks without a note
Am **C**
It s like a ticking clock
G
Every time that you phone
Am **C**
I ve run aground truth be told
Am **C**
And when it comes to me
G
I ll let you know

Dm **G**
Don t be like that

Just my luck an Irish rose
In a drinking hole
I d played a thousand one shows
What you need is to just go home
And when it comes to you
Don t leave it alone

Dm **G**
Don t be like that

Up ahead the roads were closed
And the Gennys ran most of Buffalo
The customs man at border control
Said yes you can go
But you won t make it home

Dm **G**
Don t be like that
