

I Cant Give You Up
Kathleen Edwards

Capo: first fret

AM **G** **F** **C**
I fell for you, it s sad but true
G **C** **F**
it just won t lit up
AM **G** **F** **C**
You re such a tease, when I touch the keys
G **C** **F**
I can t give you up

And all these roads should lead me home
Somehow I always get lost
Don t touch my face in a public place
You never know when to stop
Still I can t give you up
No, I can t give you up

When I get old, when the heart explode
From years of feeling too much
And when I die they ll say I never gave you up
Well, it just won t lit up
And I can t give you up
