Johnny little rocket star

D G
Flashing the label s credit card

Em A
His name is at the door

Em A
But no one knew what for

Says he s got a strategy
I m a test of his sanity
Wire cars and whiskey
Bad debts and dirty laundry

G G/F# Em(addG) **A**
You can t even make up my mind

G G/F# Em(addG) **A**
You can t even make up my mind

Em A
Just one more song the radio won t like

D G D G | D G D G

Reel it in and shut your mouth
Reputations are in doubt
Write a hit so I can talk you up
No one likes a girl who won t sober up

And you can t even make up my mind
You can t even make up my mind
Oh, one more song radio won t like

D G D G | Em A Em A | G G/F# Em(addG) **A**

Brush your hair and straighten up
Put down the drink you just got

Johnny rocket star
Picked up a girl at the bar

So I keep my sanity
Wire cars and everything
I guess that we are through
The bad advice from you

And you can t even make up my mind
You can t even make up my mind
Oh, one more song the radio won t like
One more song the radio won t like
