Strong Enough - Katie Armiger
Capo 1

C **Am**
I would love to hear you say my name
C **Em**
Listen to you laugh the night away
Am
Feel your hands reach out for me
Em **G**
Feel the way it used to be again

I would love to look into your eyes
See a thousand old forever s flying by
Make promises we ll never keep
Fall until we re in too deep again

F **Am**
Chorus: I can t go there
C
I can t go back
Am **G**
I can t let go
F **Am**
This close to you
C
My feet won t move
F **G**
I m just not strong enough
F **G** **Am**
Not strong enough to leave

I would love to feel you touch my face
Like every second by could be erased
Back to where it all begins
A place where I believe again
For just a moment breathe you in but

CHORUS

Am **F**
I don t belong here
Em **F**
You don t belong to me
Am **G**
Set me free

I can t go there

I can t go back
I can t let go
This close to you
My feet won t move
I m just not strong enough
Not strong enough
Not strong enough
Not strong enough
